STATISTICS WORK EXPERIENCE

KITU Life, New York, NY   June 20XX – August 20XX
Data Analyst Intern

- Analyzed 15 months of sales data to identify key trends and presented findings to management.
- Supported internal innovation teams to identify key marketplace trends and improve the company's knowledge of customer tastes in an effort to capture a $10M market.
- Collaborated with cross-functional teams to support merchandising, pricing, and business forecasting projects in a remote work environment.
- Developed, distributed and analyzed standard weekly, monthly, and quarterly reporting to ensure various business teams received standardized information.

Academic Resource Center, University of California, Riverside   September 20XX – June 20XX
Math Tutor

- Communicated difficult math concepts to 15 students in one-on-one and group settings both in-person and over Zoom on a weekly basis to improve their understanding of course material.
- Identified students' learning styles to provide an individualized learning experience.
- Promoted critical thinking to help students move beyond just trying to solve for the right answer and instead focusing on learning proper techniques for setting up and solving math problems.

LEADERSHIP EXPERIENCE

Highlander Statistics Society, University of California, Riverside   August 2019 – Present
Vice President (Current 1-Year Term), Member

- Coordinating 3-5 virtual events that help other statistics majors explore careers in statistics.
