When should I visit the Career Center?

Start as early as your first year at UCR.

We recommend for students to interact with the Career Center early on to allow students to be more prepared (ie. Resume writing, Cover Letter writing, Interview preparation, where to find jobs, how to apply, etc.). The Career Center is here to help students.

CONNECT. INSPIRE. EMPOWER

Will the Career Center find me a job?

Simple answer: No

Explanation: we cannot directly give students jobs because we are not the recruiters or employers. But we assist with the process to help students figure out their future careers and prospective jobs.

CONNECT. INSPIRE. EMPOWER

Do career assessments tell me what career I should choose?

No, career assessments are just suggestions to give students different possibilities based on student preferences of work environments, personality, and work habit.

In the end, it is up to the student to choose what is best for them.
